1 PURPOSE

The Myrtleford Ski Club owns and operates a Ski Lodge located at Falls Creek. The Club provides accommodation services to its members, their families and guests throughout the year. The Club is governed by a Committee which is elected by its members.

This COVID-19 Safe Operating Plan (CSOP) has been prepared in response to the Coronavirus COVID-19 pandemic. This plan details how the Club will introduce a range of controls, in addition to its normal operations, to minimise the health and safety risks to persons who stay in the Lodge while COVID-19 restrictions remain in force.

The Plan will be reviewed and updated from time-to-time by the Committee in response to new directions and guidelines issued by the Government. The requirements of this Plan will also apply to persons who stay at the Lodge until risks from the pandemic are brought under control and Government restrictions are relaxed.

1.1 Coronavirus (COVID-19)

COVID-19 is a highly infectious disease which is easily transmitted from person to person throughout the population. To minimise the spread of this disease it is necessary to put in place procedures to minimise opportunities for transmission and to ensure everyone is aware of these procedures and complies with them.

1.2 Reference materials, latest restrictions and advice

This plan has been prepared in accordance with Victorian Government directions and guidelines in place at the time of writing.

1.3 Plan Amendments

This CSOP will be revised as required to respond to further restrictions, or easing of restrictions, by the Victorian Department of Health and Human Services (DHHS) and other relevant Government departments.

No changes are to be made to these guidelines or the Club's operations without the written direction of the Committee. The Committee will continue to remain up to date with any change to directions and guidance and will approve any amendments if they believe they are appropriate.

2 COVID-19 SAFE CONTROLS

In support of Government guidelines and directions the Committee has identified the following actions which all members and guests are required to follow while within the Lodge:

- **Vaccination**
 - It is a requirement for people over 18 years, to stay or visit the Myrtleford Ski Club to be fully vaccinated as per Government regulations.
- **Maintain good personal hygiene**
 - Wash hands regularly and thoroughly with warm water
 - Wearing a face mask is recommended if you can't physically distance, if you have any symptoms, or if you are with people who may be vulnerable to COVID-19. Government guidelines specify when face masks must be worn, including while experiencing any symptoms of COVID-19
 - Disinfect hands regularly
 - Cover mouth with elbow when coughing or sneezing
 - Stay at home if you feel unwell
- **Maintain social distancing**
 - Maintain social distancing wherever possible
- **Undertake cleaning & disinfecting**
 - Regularly clean and disinfect high touch areas
 - Keep your bedrooms clean
 - Thoroughly clean and disinfect common areas as scheduled
- **Close and Social contacts are defined as per Government Guidelines**
 - Please note that Rapid Antigen Tests are not provided by the Club. Guests must supply their own tests and an inability to do so may mean Guests need to vacate the Lodge immediately.
- **Lodge Closure**
 - Should the Victorian Government announce, "a lockdown" (or similar restriction), which limits travel to or accommodation at Falls Creek, the Lodge will be closed in accordance with these Government directives to members and guests, even if they have an existing booking. Members and guests who are already staying at the Lodge before the Lockdown is set, must follow the directions set out by the Government.
 - In the event that our Lodge Managers or any Guest test positive to COVID-19, the Lodge may be closed until further notice.

The Committee recommends that persons planning to stay at or use the Lodge who fall into the vulnerable category defined in current COVID-19 guidelines - those aged 65 years or over with one or more chronic medical conditions and all those 70 years or over - do not visit the Lodge. *Please note this is a recommendation and does not prevent those members in these vulnerable categories from staying at or using the Lodge if, having considered the risks, they choose to do so.*

While the Committee has taken all care in developing this COVID Safe Plan, persons planning to stay at or use the Lodge should also check all relevant Government resources to ensure that they comply with current guidelines and restrictions.

3 LODGE RESTRICTIONS, CAPACITY & USAGE

3.1 Lodge restrictions

From time-to-time Government restrictions related to COVID-19 will impact on the operations of the Lodge and, more generally, Falls Creek. The Lodge is required to operate in accordance with any Government directives. It is likely that these directives may impact on members and guests either staying or intending to stay at the Lodge.

In this regard the Committee has determined that:

- Members and guests staying at the Lodge at the time of a “lockdown” or announcement of any COVID-19 related restrictions are permitted to stay at the Lodge until the end of their booking. However, the Committee **recommends** that members and guests should depart the Lodge as soon as possible, subject to weather conditions and Government restrictions. In such cases members and guests will receive a refund on the unused portion of their booking.
- Members and Guests staying at the Lodge may be asked to vacate in the event of a positive COVID-19 case.
- Members and guests not staying at the Lodge or within the Falls Creek precinct at the time of the announcement of a “lockdown” or other restrictions (including Lodge closure due to a positive case) should not travel to or attempt to travel to the Lodge.
- Members and guests not staying at the Lodge or within the Falls Creek precinct at the time of the announcement of any restriction, closure or “lockdown” will not be permitted to enter the Lodge and no new bookings, or changes to existing bookings, will be accepted.
- Members and guests with bookings but are unable to stay at the Lodge due to “lockdown”, Lodge closure or other COVID-19 restrictions will receive a full refund on their booking.

3.2 Lodge capacity

The Committee may decide to limit Lodge capacity further based on any new restrictions. Any restrictions will apply to the building as a whole, and to each of the rooms and areas within it considering social distancing requirements and other factors as specified by Government applicable at the time of booking or intended stay at the Lodge.

In all cases, the Lodge managers have the absolute discretion to reject a booking or deny entry to the Lodge to a person(s) considering Government COVID-19 directives applicable at that time (for example, persons from Government defined “restricted areas” or “hot-spots” will not be permitted to book or stay at the Lodge). During a Government announced “lockdown” members and guests without an existing booking covered by the “lockdown” period are not permitted into the Lodge.

3.3 Lodge Usage

Members or guests are not permitted to visit the Lodge if any of the following apply:

- They have been infected with COVID-19 and have not recovered and are not clear of the infection.

- They are unwell and/or are showing symptoms of COVID-19 and have not tested negative or those test results are not yet available.
